PIPESTAND

SR90091A

PIPESTAND WITH ROLLERS

(Pipestand and rollers are sold seperately)

TECHNICAL SPECIFICATIONS:

Collapsible Pipestand I SR90091

- This collapsible Pipestand lets you support your pipe for various fabrication processes.
- Its roller heads keep the pipe centred so you can work on it with outstanding precision.
- You can adjust its height from 71cm to 122cm, which allows you to work with greater comfort.
- 2.5cm square box section construction.
- Maximum pipe diameter is 30.5cm.

- Inside of the “V” measures 195cm across.
- Safety working load is 1200kg.
- Fixed welded base.
- Folding legs allows for easy storage and transportation.
- Weight of Pipestand and box is 12kg.
- Addition roller heads can be purchased as a pair which slides on into the “V”.
